Position Summary:

Founded in 1978, **Universal Health Services, Inc. (UHS)*** is one of the nation's largest and most respected healthcare management companies, operating through its subsidiaries—acute care hospitals, behavioral health facilities and ambulatory centers nationwide. With more than 74,000 people employed by UHS subsidiaries, UHS's business strategy is to continue to grow by building or purchasing healthcare facilities across the country, while continuing to strengthen UHS's well-reputed franchise with its customary exceptional service and effective cost control. Our success is driven by a service philosophy based on integrity, competence, compassion, and a responsive management style.

UHS has been recognized as a Fortune 500 company and is listed as one of Fortune's Most Admired Companies.

West Hills Hospital is a 95-bed acute care inpatient psychiatric hospital located in Reno, Nevada, specializing in behavioral healthcare and substance abuse treatment options for children, adolescents, adults and seniors. Our facility maintains a full-time medical staff of psychiatrists to oversee programs, patients and care. This ensures you or your loved one will always be in the hands of a professional medical service provider and will receive the most evidence based care available. West Hills Hospital is JCAHO accredited and is the only facility licensed in northern Nevada to treat children and adolescents.

Job Description: The RN Shift Supervisor assumes responsibility for complete facility operations during the evening and night shifts and on weekends. This includes supervising nursing and clinical staff, ensuring that patient care is provided in an accurate and timely manner. This position has responsibility for the supervision of care of patients ranging in age from preschool through geriatrics..

Requirements

- Associates Degree in nursing, Bachelor's preferred
- Nevada RN licensure
- A minimum of one (1) to three years experience in an acute hospital setting; preferably in a psychiatric facility. Supervisory/managerial experience preferred.
- Valid driver's license in Nevada.
- BLS certification within 90 days of employment
- Must pass a medication administration exam
